SEABOURN®

KING GEORGE RIVER

2024 KIMBERLEY EXPEDITIONS ON **SEABOURN PURSUIT**

The northernmost region of Western Australia is one of the oldest and most remote places on Earth, renowned for its otherworldly landscapes, fascinating wildlife, and an Aboriginal culture that dates back some 50,000 years.

Join the Expedition Team as they explore the horizontal waterfalls and guided hikes to surreal sandstone escarpments. Explore spectacular gorges and primeval caves richly adorned with rock art. Search for short eared rock wallabies, crocodiles (both saltwater and freshwater), tawny nurse sharks, flying foxes and other unique creatures.

Seabourn Pursuit will operate six 10-Day voyages between Broome and Darwin, Australia in June, July, & August of 2024.
